Revision of the Municipal Manual - Part II Accounts

Note.

1) A copy of the Municipal Accounts Manual Part II is put up. It will be seen therefrom that it is an edition issued in the year 1932. Hence it is more than 16 years ~~ago~~ old.

2) In the meanwhile, the single enactment viz, the Municipal Regulation (Act) of 1906 was replaced by three Acts viz, City Municipalities Act, Town Municipalities Act, and the Minor Municipalities Act, 1933. A large ~~no~~ of important Government Orders affecting the powers, duties and functions of these Municipalities have issued and they affect the maintenance of the accounts in the said local bodies. Although the Comptroller has issued addenda and corrigenda to the Account Rules then and there they are not all compiled in a consolidated volume and the offices which ~~has~~ have to refer to these rules everyday find it difficult for want of the rules being incorporated in the Manual. Further this book is prescribed as one of the text books for the L S G Examination held by the Local Service and Pleaders Examinations ^{Board}. The candidates who appear for the examination find it difficult to get all these references in one volume and they are handicapped to some extent.

3) For the above reasons, it is necessary to bring ~~a~~ ^{the} revised edition by incorporating ~~the~~ all up to date ~~the~~ Government Orders bearing on account matters.

4) ^{with} ~~the~~ This ~~was~~ done on the previous occasion in Comptroller's office. The Comptroller will be requested to furnish his views and submit proposals for publication of a new ^{the} ~~new~~ edition. ~~A draft is put up for~~ ^{revised}

to the Comptroller
 5) A draft letter is put up for
 consideration, and may be approved

Sir,

I am directed to state that the present edition of Municipal Accounts Manual Part II was issued in the year 1932 - more than 16 years ago. In the meanwhile several changes have taken place, consequent on the replacement of the Municipal Act of 1906 by three Acts viz, City Municipalities Act, Town Municipalities Act and the Minor Municipalities Act and a large number of Government Orders ~~being~~ bearing on the powers and duties of the local bodies have issued and they require to be incorporated in the Manual.

The offices which have to refer to it daily find it difficult as these orders are not found printed in one place. This book has to be brought up to date and a revised edition issued so as to be of assistance to the candidates who appear for the L S G Examination, as they are handicapped for want of up to date Government Orders.

For these reasons Government consider that the revision of the Manual is necessary. I am to request you ^{therefore} to be so good as to ~~the~~ furnish your opinion as to the arrangements you would propose for getting the work done and bringing out a revised edition expeditiously.

Yours faithfully,

Sir,

Subject Revision of the Municipal and District
Board Accounts Manuals

With reference to your letter No L 10230 dated 15-3-1949 asking for my opinion as to the arrangement I would propose for getting the Municipal Accounts Manual - Part II revised etc , I have the honour to state as follows -

In this office a separate Section named the Code Revision Section has been formed under the supervision of the Assistant Comptroller (on Special Duty) and this Section has been doing at present the revision of the Mysore Civil Account Code Volume I and the Appendices and Forms thereto I propose to entrust the work of revising the Municipal Accounts Manual to the Code Revision Section with the aid of a I Grade Clerk who has the experience of Municipal Accounts and Local Audit to be specially appointed for this purpose The staff of the Code Revision Section includes already one Superintendent and one I Grade Clerk and that staff has been sanctioned a deputation allowance at 20% of the salary on account of the increased work and responsibility As the work of the revision of the Municipal Account Manual is no less arduous and responsible I recommend that the I Grade Clerk to be entrusted with this work may also be paid a similar allowance in addition to his grade pay

In this connection, I may bring to the notice of Government

that the District Board's Accounts Manual which was printed more than 14 years ago based mainly on the District Boards Regulation of 1926, the Government Orders and the Comptroller's Circulars, also needs revision as there have been several amendments to the District Boards Regulation since then and as all the Government Orders and Comptroller's Circulars issued from time to time and having a bearing on this Manual have not been incorporated in it. I am of opinion that the revision of the two Manuals may with advantage be taken up simultaneously and I consider that for doing both the items of work it may take about six months. In the circumstances, I request that sanction of Government may kindly be obtained and communicated through the Finance Department for the entertainment of a I Grade Clerk under the terms stated above for the period proposed.

Yours faithfully,

COMPTROLLER
